

## Tangram Notes

Draw squares that you make with your Tangram pieces

A square using only 2 pieces	A square using 3 pieces
A square using 4 pieces	A square using 5 pieces

Draw the shapes you can make with all 7 pieces. Show how the individual pieces fit into the polygon. ***Draw at least one non-convex shape and at least two convex shapes that are not squares.***

Use the back of this paper to draw the solutions to the other tangram puzzles.
